Citing References: why and how to do it Harvard Style Why cite references: To allow those reading the record of what youâ€™ve done to read the sources you have read. To credit, and show you have read, the key relevant work and can use it to support your arguments and so indicate where your work has taken you further. Citing and referencing work you have read and used avoids plagiarism ...

Pseudorandomness [survey/monograph] Salil Vadhan. Abstract. This is a survey of pseudorandomness, the theory of efficiently generating objects that "look random" despite being constructed using little or no randomness. This theory has significance for a number of areas in computer science and mathematics, including computational complexity, algorithms, cryptography, combinatorics ...
