The Official Methods of Analysis of AOAC INTERNATIONAL is an international source of methods, in which scientists worldwide contribute their expertise to standards development, method development, and the systematic evaluation and review of methods. It is the most comprehensive collection of chemical and microbiological methods available in the world, and many methods within the compendium ...

AOAC Official Methods of Analysis

Exploratory data analysis (EDA) is a well-established statistical tradition that provides conceptual and computational tools for discovering patterns to foster hypothesis development and refinement.

Principles and Procedures of Exploratory Data Analysis

Analysis is the process of breaking a complex topic or substance into smaller parts in order to gain a better understanding of it. The technique has been applied in the study of mathematics and logic since before Aristotle (384–322 B.C.), though analysis as a formal concept is a relatively recent development.
