ORGANIC POULTRY PRODUCTION - orgprints.org

Organic egg production is the production of eggs through organic means. In this process, the poultry are fed organic feed. According to the United States Department of Agriculture, organic means that the laying hens must have access to the outdoors and cannot be raised in cages. Only natural molting can occur within the flock; forced molting is ...

Organic egg production - Wikipedia

With the organic market growing steadily, you may be interested in learning more about organic certification and organic production options. These resources offer guidance in preparing for certification and in production methods for a range of organic crops and livestock.
