History (from Greek *ἱστορία*, *historia*, meaning "inquiry, knowledge acquired by investigation") is the study of the past as it is described in written documents.

### **History - Wikipedia**

Comparative historical research is a method of social science that examines historical events in order to create explanations that are valid beyond a particular time and place, either by direct comparison to other historical events, theory building, or reference to the present day. Generally, it involves comparisons of social processes across ...
